(b) (1) During the period between 1964 to 1967 normal phodi work was suspended to some extent due to deployment of almost the entire staff for revision settlement work. Hence the pendency.

(2) Paucity of staff.

(3) Variations in the spots or areas granted and occupied by grantees entailing in correspondence between Survey and Revenue Departments for regularisation of the same in Darkhast cases, which are large in number.

(SRI H. V. KOUJALGI)

(c) (1) Rectification of Akarbands is taken up in right earnest after the completion of Revision settlement work.

(2) 500 candidates are recruited to fill up all vacancies.

(3) The procedure laid down in the Mysore Land Grant Rules will eliminate the causes of delay mentioned at (b) (3) *supra*. According to the said land grant Rules, the area granted is to be surveyed and demarcated before the grantee is put in possession of the land granted. So there will be no scope for change of spot or occupying excess area by the grantees hereafter.

(4) Special Additional survey parties have been created since 1967 for reducing the arrears.
